About

This report was produced by the national co-ordination agency (single entity) for the National System of Emissions Inventories (Nationales Systems Emissionsinventare; NaSE), sited within the German Federal Environmental Agency (UBA). The information on agriculture, changes in land use and forestry was provided by the Federal Ministry of Food, Agriculture and Consumer Protection (BMELV) and the Johann Heinrich von Thünen-Institut, Federal Research Institute for Rural Areas, Forestry and Fisheries, Institute of Agricultural Climate Research (vTI - AK).

More information is available on the emission web site of the Federal Environmental Agency.

For further questions contact Dr. Kevin Hausmann, Tel. +49 (0)340/2103 2192.
