## **Appendix 2.1 - Reporting of PM emissions**

<u>Table A2.1: Inclusion/exclusion of the condensable component from PM,,10,, and PM,,2.5,, emission factors</u> (NOTE: NFR categories with no reported activity or PM emissions (notation keys 'NO' or 'NA' in the NFR tables) are excluded here!)

| NFR code      | Source / sector name   | condensable<br>component |          | EF reference and/or comments                          |
|---------------|--|--------------------------|----------|---|
|               |  | included                 | excluded |   |
| NFR 1 - Er    | nergy  |                          |          |   |
| 1.A.1.a       | Public electricity and heat production   |                          | Х        |   |
| 1.A.1.b       | Petroleum refining   |                          | Х        |   |
| 1.A.1.c       | Manufacture of solid fuels and other energy industries   |                          | х        |   |
| 1.A.2.a       | Stationary combustion in manufacturing industries and construction: Iron and steel                         |                          | х        |   |
| 1.A.2.b       | Stationary combustion in manufacturing industries and construction: Non-ferrous metals                     | ?                        |          | no indication   |
| 1.A.2.c       | Stationary combustion in manufacturing industries and construction: Chemicals                              |                          |          |   |
| 1.A.2.d       | Stationary combustion in manufacturing industries and construction: Pulp, Paper and Print                  |                          |          |   |
| 1.A.2.e       | Stationary combustion in manufacturing industries and construction: Food processing, beverages and tobacco |                          | x        |   |
| 1.A.2.f       | Stationary combustion in manufacturing industries and construction: Non-metallic minerals                  |                          |          |   |
| 1.A.2.g vii   | Mobile combustion in manufacturing industries and construction (please specify in the IIR)                 | x¹                       |          | country-specific EF likely<br>to include condensables |
| 1.A.2.g viii  | Stationary combustion in manufacturing industries and construction: Other (please specify in the IIR)      |                          | х        |   |
| 1.A.3.a i(i)  | International aviation LTO (civil)   | ?                        |          | country-specific EF without clear indication          |
| 1.A.3.a ii(i) | Domestic aviation LTO (civil)  | ?                        |          | country-specific EF without clear indication          |
| 1.A.3.b i     | Road transport: Passenger cars   | x¹                       |          | country-specific EF likely<br>to include condensables |
| 1.A.3.b ii    | Road transport: Light duty vehicles  | x <sup>1</sup>           |          | country-specific EF likely to include condensables    |
| 1.A.3.b iii   | Road transport: Heavy duty vehicles and buses  | x¹                       |          | country-specific EF likely to include condensables    |
| 1.A.3.b iv    | Road transport: Mopeds & motorcycles   | X <sup>1</sup>           |          | country-specific EF likely<br>to include condensables |

| 1.A.3.b v     | Road transport: Gasoline evaporation                                      | NA                        |                               |  |
|---------------|---|---------------------------|-------------------------------|--|
| 1.A.3.b vi    | Road transport: Automobile tyre and brake wear                            |                           | x                             |  |
| 1.A.3.b vii   | Road transport: Automobile road abrasion                                  |                           | x                             |  |
