

# SECTOR CHAPTERS - OVERVIEW

The folling table provides a list of the separate sector chapters included in this Informative Inventory Report.

===== NFR 1 - Energy ===== | [Chapter 3: Energy \(NFR 1\)](#) |

|                                                                                 |
|---------------------------------------------------------------------------------|
| <a href="#">1.A Fuel Combustion Activities</a>                                  |
| <a href="#">1.A.1 Energy Industries</a>                                         |
| <a href="#">1.A.2 Fuel Combustion Activities in Industries and Construction</a> |
| <a href="#">1.A.3 Transport</a>                                                 |
| <a href="#">1.A.4 Small Combustion</a>                                          |
| <a href="#">1.A.5 Other (including Military)</a>                                |
| <a href="#">1.B Fugitive Emissions</a>                                          |
| <a href="#">1.B.1 Solid Fuels</a>                                               |
| <a href="#">1.B.2 Oil and Natural Gas</a>                                       |
| <a href="#">1.B.3 Geothermal Energy</a>                                         |

## NFR 2 - Industrial Processes & Product Use (IPPU)

|                                                                           |
|---------------------------------------------------------------------------|
| <a href="#">Chapter 4: Industrial Processes &amp; Product Use (NFR 2)</a> |
| <a href="#">2.A Mineral Industry</a>                                      |
