

About

This report was produced by the national co-ordination agency (single entity) for the National System of Emissions Inventories (Nationales Systems Emissionsinventare; NaSE), sited within the German Federal Environmental Agency (UBA).

Information on agriculture, changes in land use and forestry was provided by the Federal Ministry of Food and Agriculture (BMEL) and the Johann Heinrich von Thünen-Institut, Federal Research Institute for Rural Areas, Forestry and Fisheries, Institute of Agricultural Climate Research (vTI - AK).

More information is available on the emission web site of the German Environment Agency (UBA).

For further questions contact Michael Kotzulla, Tel. +49 (0)340/2103 3071 or Dr. Kevin Hausmann, Tel. +49 (0)340/2103 2192.

Safe surfing

We recommend that a firewall be used in conjunction with powerful anti-virus software, whose settings and signature should be automatically updated daily. For further information visit Bürgerinformation des Bundesamtes für Sicherheit in der Informationstechnik – BSI für Bürger, where you can also subscribe to Newsletter des Bürger-CERT (Computer emergency response team newsletter, in German only). It contains reliable and up to the minute computer security advisories.
