

## Appendix 2 - Detailed Methodological Descriptions

The following sub-chapters of Appendix 2 provide additional methodological descriptions for individual source categories (where relevant and not provided in the related NFR sub-chapter) as well as for the entire inventory.

So far, appendix 2 provides additional methodological information on:

<a href="#">Appendix 2.1 - Reporting of PM emissions</a>
<a href="#">Appendix 2.2 - Road Transport</a>
<a href="#">Appendix 2.3 - Heavy Metal (HM) exhaust emissions from mobile sources</a>
<a href="#">Appendix 2.4 - Persistent Organic Pollutant (POP) exhaust emissions from mobile sources</a>
